

A WORLD LEADER IN FUME
EXTRACTION TECHNOLOGY

AD Base 3

Last Updated on 08.04.2021

The laser companion advantage extraction system for the laser engraving industries.

The Advantage Base 3 has been designed specifically for the universal Versa laser engraver. The dimensions of the unit allow the Versa laser to fit perfectly onto the extractor, effectively doubling it up as a work station.

The unit is also offered with an onboard air compressor to provide the laser with its air assist requirements and comes complete with extraction hose kit and compressor link up on compressor models.
